COMMUNITY OUTREACH

Part of the Emerge's mission is to make the arts accessible to the entire community. For every five paid programs, one is completely free and targeted towards at-risk or underprivileged youth. We do this through art programs geared towards those affected by cancer in the hospital, artist in residency programs, and our Youth Arts Initiative program, which includes scholarships and our Youth Public Arts Project.

Youth Public Arts Project is our longest running outreach program. This is a bi-weekly program where at-risk youth come to the arts council to work with professional artists to create various public art projects. The public art is then displayed throughout the community.

Art is Good Medicine is an arts in healthcare program in partnership with local healthcare providers such as Vidant Health. Professional visual artists and dancers work with adult and pediatric cancer patients and survivors. In addition, we offer free workshops to cancer patients, survivors, family members, and caregivers and facilitate weekly art experiences at Hope Lodge.

Scholarships are offered to underprivileged children in our community to attend classes and workshops free of charge.

Tuesdays: 6:00pm-8:30pm (6 classes)

The holiday countdown is here – that means it is time to make gifts for family and friends. This class is an independent study to allow wheel time and provide one-on-one instruction so you can make the gifts on your list. If you don't know what to make, you can join in on mug making. We will have a weekly mug demo to address technical and aesthetic concerns (because mugs are what everyone wants to receive from a potter.) And, if your list is too long and time is too short, slab decorated gift tags and magnets will be reviewed.

Bring your gift list and let's get started!
